DELPHIC ECHOES 73

We, the student body of Dinuba High School, in the year of 1973, dedicate this yearbook to Mr. John Goodell.

With this dedication, we would like to express our sincere gratitude to you for your years of service to our High School. And as you go into retirement, we wish for you many years to enjoy your leisure time.

Mr. Goodell was born in Orchutt, California on November 28, 1911. He attended Taft schools and graduated from Fresno State.

He has spent 17 years in Dinuba teaching P. E., driver's training, and business math. He has also coached football, cross country, basketball, and track. He is presently the director of Magnolia High and our truancy officer.

He has plans to travel after retirement in June of 1973, with a possibility of settling on the coast.

The Emperors compiled an impressive 16-8 record for the season. The Emperors starting three sophomores, a first in school history, surprised many valley teams. During non-league play, the Emps handed three upsets to bigger Yosemite league schools. Going to the Poly Wilhelmson tournament they performed admirably, taking their only defeat from first ranked Tulare Union. Larry Thiesen furthered the honors by being named to the All Tournament team. The Emps, making a final appearance in home territory smashed the school single game scoring record of 93 by sticking Lindsay for 100 points.

THE TWO FAMILIES OF NORI KONO
above, the Konos in Japan
below, the Wilburs in Dinuba

Hello. My name is Noriko Kono. I am an AFS student from Japan. My home is Toyama City, with a population of 300,000. It is located about 260 miles northwest of Tokyo. The main industry of Toyama is pharmacy and has been for many years. There are also many rice fields around the city.

My father is a civil engineer at an electric company. My mother is not only a housewife, but a teacher of tea ceremony as well. I have one brother who is 16 years old.

I have enjoyed many school activities including football and basketball games, school dances and AFS activities. I am glad that I have been able to find out for myself about this much of the American culture. This has been the most fantastic year I have ever had.

I'd like to say "Thank you" to all of you, especially the teachers and my host, the Wilburs, who made my stay so wonderful.

I hope I'll see you someday,

Noriko Kono

Soul is...

feeling depth, the ability
to reach someone.

it's being a part of what
today is all about.

it's not cool to be Negro or
Jewish or Italian or
anything else—

it's just cool to be alive,
to be around.....

don't you ever ask them why?
if they told you, you would cry
so just look at them and sigh
and know they love you
and you of tender years
can't know the fears
that you're elders grew by
so please help them by
your youth—

they seek the truth before they can die

In Memory of

Curtis D. Taylor
and
Randy Barry

Randy
It's time to depart.
I must leave behind
(although it breaks my heart)

Tadpoles in the pond,
A can of eels
A leaky rowboat,
Abandoned car wheels;

For I'm packing only
Necessities;
A month of sunsets
And two apple trees.

By Eve Merrian

When the sky is lit,
By suns so bright
And the eagle is flying so high,
When the dawn,
holds back the summer,
we'll ride once more
in the sky.
When fields are green,
from the spring rains
and the blossoms are in full bloom,
You have found your freedom
in the climax
of your doom.
No more warm breezes
No more golden smiles
No more the gentle laughter
As when we rode our few short miles.
We hardly knew you Curtis
you left us way too soon.
You surrendered to the Black rose
as all of us must do.
